

Coaching Conversations

What is covered in Coaching Conversations?

- Understand how to apply the principles of the GROW model to structure a coaching conversation to inspire and re-engage team members
- Learn how to shift team members away from limiting behaviours and beliefs.
- Use the skill/will matrix to determine the best conversation to have with a team member

Who is it for?

This module provides you with key coaching frameworks that leaders can use to guide conversations that re-inspire team members and reconnection people with focus, purpose and meaning in relation to the work and workplace relationships. Whether it is a skills enhancement of a behaviour modification, coaching conversations can be transformative.

What does it offer?

The art of asking good questions is at the heart of a coach's practice. Raising awareness and challenging mindsets allows coaches and their team members to see what else is possible. This module will provide leaders with a suit of different coaching questions that can be used at any stage in the employee experience, from induction through to performance review conversations. Coaching is a transformative skill for all leaders.
