

# High Performing Teams Conversations

## What is covered in High Performing Teams Conversations?

- Understand the distinguishing features of high performing teams
- Know what leaders can do to foster a culture of high performance.
- Know how to manage team dynamics through the stages of team performance and create environments that result in consistently good workdays for the team.

---

## Who is it for?

In this module the high performance team curve underpins how leaders can move their team to one that delivers high performance outcomes. The benefits of such a team are explored and the ways in which leaders can build a culture that value discretionary effort and team support.

---

## What does it offer?

Connecting teams to meaning and purpose in their work and recognising the diversity of skills and experiences within the team with help foster a high performing team culture. This module guides leaders through the top ten characteristics of high performing teams and shows them ways they can achieve these characteristics in their own teams.
