

# Mentoring Conversations

## What is covered in Mentoring Conversations?

- Understand how your stories of experience can help others develop and grow.
- Use the techniques of sponsorship to promote talent and foster an emerging generation of leaders
- Understand the impact and value of reverse mentoring conversations

---

## Who is it for?

This learning module is designed for people who take on a mentoring role for others. It introduces mentors to a mentoring process and provides a structure to how mentoring conversations can be managed effectively.

---

## What does it offer?

Mentoring skills form an important part of our leadership skills. Sharing our wisdoms and guiding people with approaches that have worked for you can fast track some of their workplace challenges. One of our legacies as a leader is sharing some of these hard-won intelligences about the world of work and helping others work out their work-life balance.
